

♡ watermelon ♡

needed

Green Sherbet

Pink Sherbet

Small bowl

Aluminum foil

Chocolate chips

STEPS

1. Line the inside of the bowl with aluminum foil.
2. Have your child help you spread a layer of the green sherbet on the inside of the bowl.
3. Have your child help you fill in the rest of the bowl with pink sherbet.
4. Place in the freezer to harden. When it is ready, turn the bowl over and pull the foil out. Peel the foil off and now you have a "watermelon".
5. ADULT. Slice the watermelon and have your child sprinkle chocolate chips on the pink part for seeds.
6. Enjoy!
